LOCAL NEWS.

Sun rises tomorrow at 5:38 a. m. and sets 6:32 p. m. High water at 9:30 a. m. and 9:51 p. m.

WEATHER PROBABILITIES.—For this section fair; cooler tonight; Friday fair; light westerly winds.

The Shooting Case at Fox's Ferry.

William H. Stansberry, who is alleged to have shot Harry Weddington in the foot at Fox's Ferry, opposite this city, Tuesday morning was arraigned in the Police Court in Washington yesterday. The prosecuting attorney requested the court to grant a continuance, as the government has been unable to secure the attendance at court of all its witnesses, and the hearing of the case was set for today. Stansberry states that he is a farmer and has charge of a large gardening business. He brought witnesses into court who said that he was a peaceable man and had a good reputation in the community in which he lives. Stansberry is the father of twelve children and spent his entire time in attending to the business under his control. He refused to make any statement of the case except to say that the account of the shooting given out by Weddington was not true.

Kindergarten Association.

A called meeting of the Alexandria Free Kindergarten Association was held in Peabody Hall last evening to consider business for the coming session. Miss Melissa Hill was unanimously elected president for the ensuing year. The school will open on Monday, October 6, but the kindergarten will be at the rooms on Wednesday, Thursday and Friday, October 1, 2, and 3, from 9 a. m. to 12 o'clock noon, for the purpose of enrolling pupils. Those desiring to enter children will visit the rooms between the hours specified. Children must be accompanied by a parent or other responsible person. The petition to the school board for aid was adopted. The following amounts are gratefully acknowledged: Mr. E. Hunt, \$10; Mr. J. W. Roberts, Miss E. W. Roberts, Miss A. M. Roberts, \$1 each; "a friend," 25 cents.

Attempt to Commit Suicide.

Amos Elliott, of Alexandria, tonight attempted to commit suicide last evening by taking a dose of laudanum. He was en route to Washington at the time and stopped on the Chain Bridge, about three miles from his home, and took the drug. Elliott went to the home of William Goodman and told what he had done. The police of Washington were notified, and the man was removed to Georgetown Hospital. After laboring with Elliott for several hours the physicians succeeded in getting him out of danger. He will be sent to his home today. It is said that he has been drinking heavily for some time and that he was in a drunken stupor when he took the laudanum last night. It is also said that this is the third time he has attempted to end his life. Elliott is only about twenty-six years of age.

River Notes.

The schooner Leroy is loading groceries at this port for Colonial Beach. The following notice of changes in buoys has been sent out by the light-house board. Potomac river, Maryland, sixth mid-channel buoy (zettle bottoms), a B. and W. P. S. spar; Brent Shoal buoy, No. 18, a red spar, and Broad Creek Flats buoy, No. 22, a red spar, which were found to be broken off, were replaced by new buoys August 30.

The tug James O. Carter towed up the river on Tuesday a long raft of pine piling from Occoquan creek. The raft was fully 300 feet long and contained about 150 piles consigned to Messrs. Weand & McDermott, the builders of the new Long bridge.

John Robinson's Shows.

John Robinson who will have his shows in Alexandria on the 10th instant offers to his patrons the best series of circus performances, the finest and most elaborately equipped hippodrome, and the largest and most comprehensive menagerie, that is on the road. He has added this year to his already superlative series of exhibitions the grand Biblical spectacle of Solomon, his temple, and the Queen of Sheba, and the finest scenic, processional, torchlight and lyric spectacle that has ever invited public patronage. The show will doubtless be liberally patronized, not only by Alexandrians, but by many living in the surrounding country.

Called Meeting of Council.

A called meeting of the City Council will be held tomorrow night for the purpose of considering the proposition of the Washington, Alexandria and Mount Vernon Railway Company, relative to the double-tracking of a portion of King street. Some other matters, it is said, will also be considered at the meeting. It was at first proposed to hold the meeting tonight, but as several members of Council are also members of the School Board and as their regular monthly meeting takes place tonight, it was concluded to postpone the assembly of Council until tomorrow night.

Police Court Items.

A young white man, who is often arrested for drunken and disorderly conduct in the street, was before the Mayor this morning on the same charge. He was fined \$5 and in default of payment locked up.

A young white man who had been arrested at the instance of his wife for alleged cruelty was dismissed with an admonition.

A colored individual, charged with assaulting a colored woman, was dismissed. Four lodgers were at the station house last night.

Gospel Tent Meetings.

Notwithstanding the inclement weather the tent on north Patrick street was filled last night by an audience eager to hear the Bible expositions of Rev. Messrs. Herrell and Lewis. The latter delivered an interesting discourse on the 12th chapter of Daniel, taking for his text the words, "Many shall run to and fro and knowledge shall be increased." The subject tonight will be "The Ministry of Angels."

The Columbia steam fire engine was tested at the foot of Prince street this afternoon. Everything worked satisfactorily.

Complaint is again made that lamps are stolen nightly from the streets where repairs are in progress.

The Ultimatum Delivered.

Mayor Simpson has delivered his ultimatum to the Washington, Alexandria and Mount Vernon Railway Company concerning furnishing the improved rails for King street, and should the company fail to have them on hand by tomorrow City Engineer Dunn, by direction of the Mayor, will proceed to tear up the present rails on that thoroughfare, commencing at its intersection with Royal street. It is said that the electric railway company will have some rails at the point indicated tomorrow morning in order to avert the carrying out of the Mayor's order. The Mayor has deemed this radical movement necessary in order that the street may be paved before the advent of cold weather. The contractors for the work have their material on the ground and are anxious to begin operations, and for several weeks have complained of the delay occasioned by the failure of the railway officials to furnish the rails. The outcome of the contemplated movement is awaited with interest.

Personal.

Mr. Clyde Bruin, who has been visiting relatives and friends in this city, has returned to his home in Pittsburgh, Pa.

George Carter, Lloyd Uhler and Ernest L. Allen, have returned after a two weeks' trip through Canada.

Mrs. F. S. Riedon is visiting relatives in Charlottesville.

Mr. Laurence Stabler and his sister, Miss Mary Stabler, have returned from a trip to the Massachusetts coast.

Mr. and Mrs. Charles E. Davis have returned from Paconian Springs, Loudoun co. Miss Lena Posey, employed by Messrs. D. Bendheim & Sons, was taken seriously ill today and had to be removed to her home. She swooned while at the store and remained in an unconscious state for about an hour. Dr. Gibson rendered medical assistance.

Mrs. R. L. Monroe has returned from a pleasant visit to North Keys, Md.

The Weather.

The depressing humidity of the atmosphere which has prevailed for several days past seems about to pass away. At any rate its back bone has been broken to some extent. Late yesterday evening there were light showers of rain which, however, did not materially relieve the situation, and those which followed later failed to lower the temperature to any marked extent. About eleven o'clock there was a heavy down-pour and this was followed by other showers at different times during the night. This morning was marked by lower temperature and cloudy conditions and several light showers have fallen during the day. The wind has changed to the northwest and there are indications of clear and cool weather.

Nelson Remanded to Jail.

In the County Court today Judge Love heard arguments on the motion to release John C. Nelson on bail for his appearance at the next term of the court. Argument on the motion was made by Mr. Charles Bendheim, Nelson's counsel. Messrs. James E. Clements and Edmund Burke argued against granting the motion. At the close of the arguments Judge Love announced his decision, which was adverse to releasing the prisoner on bail, and Nelson was remanded to jail, after which court adjourned until the next regular term—September 29.

Fall of Electric Railway Wire.

One of the poles supporting the electric railway wire on Fairfax street, between Wilkes and Gibson, fell last night, prostrating the wire to the ground. Early risers were rendered apprehensive, not knowing whether the current was on or not, and most people gave the wire a wide berth. Mayor Simpson was soon notified and he took prompt measures in the premises by directing the railway company to remove the menace and obstructions at once.

School Permits.

The clerk of the City School Board this morning commenced the issuing of permits to colored children to attend the public schools, and during the day issued 326 such permits—144 to boys and 182 to girls. On the corresponding day last year 405 were issued—185 to boys and 218 to girls. Permits will be issued to colored children again tomorrow.

Wedding.

Miss Nellie Peverill, of St. Asaph, Alexandria county, and Mr. T. F. Butts, of this city, were married in Washington yesterday at Ryland Methodist Episcopal Church, by Rev. Alexander Birlaski. After the ceremony the couple left on a bridal trip for the north. Upon their return they will reside in this city.

Alleged Felonious Assault.

The police have been requested to look out for two well-known colored women—Florence Knight and Emma Thompson—who are charged with feloniously assaulting with intent to kill a colored woman named Mary Cook. The assault is said to have taken place yesterday near the New Washington brick yard, in Alexandria county.

Death of a Former Resident.

Mr. M. Y. Partlow, a former resident and well known merchant of this city, died this morning at 2 o'clock at the home of his daughter, Mrs. Wissler, near Mt. Jackson, Va.

FARMERS' CLUB NOTES.

The September meeting of the Woodlawn Farmers' Club will be held at the residence of Mr. and Mrs. J. P. H. Mason, near Accotink, on the 13th inst.

The Woodlawn Farmers' Club picnic excursion on the 15th of August to Colonial Beach was quite a grand success, and was enjoyed by over 140 of the members and families of the club and their friends, who took advantage of the reduced rates offered by the E. H. Randall Company. Besides the reduced rates and the excellent accommodations on the steamer Arrowmont, the club was granted the freedom of the hotel which added greatly to the comfort and pleasure of the occasion.

LOCAL BREVITIES.

"Where are you going, my pretty maid?" "To buy a ton of coal," she said. "May I go with you, my pretty maid?" "Yes, if you've got the price," she said. "Indeed, I haven't, my pretty maid." "Then go to the mischief, she loudly said. The spotted mare, which Mr. Harry Catts has been driving for several years, choked to death on Tuesday night.

The Alexandria Light Infantry, company G, Seventh Regiment, will be inspected by Col. Jo. Lane Stern on October 9.

The monthly meeting of the Columbia Fire Company was held last night. The accounts of the excursion committee and that of the Portmouth trip were settled and some routine business was transacted.

Albert H. Hamrah, son of Arbura and the late Patrick H. Hamrah, formerly of this city, died at St. Elizabeth's Hospital, D. C., on Tuesday. The remains were brought to this city this afternoon and interred in the Methodist Protestant cemetery.

Marriage licenses were issued in Washington.
